M-4  Mr. Lahr moved, seconded by Ms. Book to approve the Minutes of the April 3, 2019 Council Meeting as presented. The motion carried unanimously.

CITIZENS’ REQUESTS:

Gayle Knoll, 5167 Morningrise Drive, appeared before Council about a violation notice she received from the Code Enforcement Office regarding her son’s boat that is parked in her driveway. She is requesting permission to allow parking of the boat for the summer months. Mr. Leventry stated that Council cannot grant that, Ms. Knoll must request a variance form the Zoning Hearing Board. Mr. McKown stated that he thought the Ordinance allowed for parking of trailers and boats for up to 10 days for maintenance purposes. Mr. Leventry stated frequency is not addressed in the Ordinance. Mr. Leventry stated that Ms. Knoll’s options are to remove the boat or request a variance from the Zoning Hearing Board. Mr. McKown inquired if the clock starts ticking again if the item is coming and going from the property. Mr. Leventry stated that a legal opinion is needed on that. Mr. Nagy inquired if Ms. Knoll could park the boat behind her property. Ms. Knoll stated that would require work to her yard in order to make the boat fit behind the house. Mr. Nagy stated that the Ordinance was created because one resident pushed the envelope and the Ordinance could not be written to accommodate every detail and issue – that is what the Zoning Hearing Board is for.

Mark Maurizi, 3222 Bel Air Drive, appeared before Council to discuss the tree planting at Frank Park. The original location of the tree is no longer an option as a water break was discovered near it and no tree can be planted until that issue is resolved. He is requesting permission for a tree to be planted at a different location on Monday. Maps of the new location were provided to Mr. Leventry.

M-5  Mr. McKown moved, seconded by Mr. Lahr to approve the planting of a tree at Frank Park on Monday. The motion carried unanimously.
